## WELCOME BACK TO SCHOOL!

Students and Families,

We hope everyone had a wonderful summer break! Our Sterling Health Care Team is excited to be serving you again from the School-Based Health Clinic throughout the district. This year we will be adding Behavioral Health services to Bath County Schools. Moving forward we will be using online registration for our consents.

Health is a critical factor in setting our children up for success, as healthy children are more likely to attend school ready to learn and achieve higher level of educational success. Our services model works in collaboration with your child's Primary Care Physician to ensure that students health needs are addressed, and that continuum of care is in place.

Our goal is to provide excellent care to your child while keeping them at school. We accept all insurances including Medicaid and Medicare. We also have a sliding fee program available to all patients regardless of insurance status.

You can consent for your child @ [www.SHSregister.com](http://www.SHSregister.com) or scan the QR code.

## SBH CLINIC OPERATION

The Bath County SBHC is open Monday-Friday, from 7:30 am to 3:30 pm. Our schedule is as follows:

- Monday:** OES
- Tuesday:** BCMS
- Wednesday:** CES
- Thursday:** BCHS
- Friday:** Rotate Out: OES, BCMS, CES, BCHS

## PROGRAM INFORMATION:

- Schedule an appointment by calling the number above.
- SBHC accepts all insurances available, with special assistance for the uninsured.
- You can be present at your child's medical visit at school, but it is not required.
- Immediate care can be provided for sudden health concerns at school.
- After your visit, we can call in prescribed medication to the pharmacy of your choice.
